I m not claiming this to be 100% perfect, but it sounds ok to me.
If you find any definite errors, or alternatives, let me know.
The rthm probably isn t quite right, so just paly the chords along with
the CD and you ll get it.

Intro:

It s basically just F slide to and F#

F/F# Do this lots.

Listen for these next....

B A F# A B A F#

Verse:

Play this riff, and the lead guitar put a widdly solo over the top.

F/F#	A	A	F/F#	B	A

--3/4-----4---4-----4-5---5---3/4-----4---4-----4-9---7-----					
--3/4-----4---4-----4-5---5---3/4-----4---4-----4-9---7-----					
--1/2-2-2-2-2-2-2-2-2-2-3---3---1/2-2-2-2-2-2-2-2-2-2-7---5-----					

Then play these before the chorus: F# A B A F# (like you did after the intro.)

Chorus:

F# A B F#

Then go back to the verse riff.

For the Yo Mr. Trump... bit, play from the verse riff.

Then do this.....

```
|-----|
|-----|
|-----|
|---2--4--2--4--2--4-| (Very rough rhythm, those are the notes at least!)
|-----|
|-----|
```

A B F# And repeat it.

Then do this, (similar to the last bit)

```
|-----|
|-----|
|-----4--2--|
|---2--4--2--4--2--4--2--4--2--4--4--2--|
|-----|
|-----|
```

The chords over the solo are A B F# same as before (I think).

Then after the ace solo (make sure you do a mass-off divebomb!), play this...

F# C B F#

And that s it, just about! But for this to make any sense, you re gonna have to play along with the record.
