

Another Case
Uh Huh Her

CAPO 3.

Am, F, C, G all the way through

Enjoy :)

I m better than the other one
you re a harder chase
you re fast against mine
I ll beat it, you re the weaker one
that s another case
I ll taste the last line
I will take you to the other side
I will set you up
you re fast against mine
I will tear you from the other one
it s a bitter race
you re frail

I am stronger than the other ones
I will set them off
don t try to fight me
I will break you either way it seems
it s a testimony
to how this will end
I ll stop it when I ve finally won
I ll take you down somehow
I will stay till I m the only one
that s another case
you failed

and you feel you ve lost it
and you know you lost it

tell me I m the only one
though it s not the same
you re fast against mine
tell me I m the only one
it s a better place
you re mine completely
tell me I m the only one
you give me hope somehow
tell me I m the only one
that s another case
you feel so empty
