

**Another Case**  
**Uh Huh Her**

CAPO 3.

**Am, F, C, G** all the way through

Enjoy :)

I m better than the other one  
you re a harder chase  
you re fast against mine  
I ll beat it, you re the weaker one  
that s another case  
I ll taste the last line  
I will take you to the other side  
I will set you up  
you re fast against mine  
I will tear you from the other one  
it s a bitter race  
you re frail

I am stronger than the other ones  
I will set them off  
don t try to fight me  
I will break you either way it seems  
it s a testimony  
to how this will end  
I ll stop it when I ve finally won  
I ll take you down somehow  
I will stay till I m the only one  
that s another case  
you failed

and you feel you ve lost it  
and you know you lost it

tell me I m the only one  
though it s not the same  
you re fast against mine  
tell me I m the only one  
it s a better place  
you re mine completely  
tell me I m the only one  
you give me hope somehow  
tell me I m the only one  
that s another case  
you feel so empty
