**Am**  
And if everyone would just join hands,

I see the signs, seen the writings on the wall  
**G** **F**  
And baby I m scared

But what they don t know will kill them

**Am** **G** **F**  
Come down, systems, collide  
**E** **Am**

**Am** **G** **F**  
Hide here, tonight  
**F** **E** **Am**  
Starry skies shine the light  
**Am** **G**  
Go back, run fast

You ve come too late, there s nothing left

No one will answer, we try to obey  
**G** **F**  
So will you lead us in the right direction

We could be saved by you

We ve been misguided by a shady plan  
**G** **F**  
It s the demise of the modern man

Tell everybody that you ve seen firsthand

And nature, she ll take her course.
