VERSE:

I know you didn't call, but maybe the thought scared you

You figured I'm with someone else now and you don't wanna die tonight

But I wish you would call me- I'd tell you how I want so much for you to come along

And I will when I call you - I just feel so lost, cuz if I tell it all...

CHORUS

I thought I'd find out while I dove but now I know I don't wanna have it all if I'm gonna feel so alone

CHORUS
