

**Give Back The Key**  
**Uncle Tupelo**

[Intro]

**B      Bsus4                  B                  Bsus4**

[Verse]

**B                  E                  B                  E                  B**  
Take my picture off the wall it don t matter to me at all  
**F#                                  E                  B**  
Said I was headed for a fall, you wanted me to crawl  
**B      E      B                                  E                  B**  
Give back my TV, don t mean that much to me  
**F#                                                  E                  B**  
While you re giving back my things, give me back the key to my heart

[Chorus]

**B                  E                  B**  
Give Back The Key to my Heart  
**B                  E                  B**  
Give Back The Key to my Heart  
**F#                                                  E**  
And let my love flow like a river  
**B                                  E                  B**  
Straight into your heart, dear

[Solo]

[Verse]

**B                  E                  B                          E                  B**  
Well you say I was the one, to blame for the wrong thats been done  
**F#                                                  E                  B**  
Well you got a friend named Cocaine, and to me he is the blame  
**B                  E                  B                          E                  B**  
He has drained life from your face, he has taken my place  
**F#                                                  E                  B**  
You re alone in San Antone, give me back the key to my heart

[Chorus]
