(**G#m F# E F#**)

(**D#m G#m F#**)

[Segunda Parte]

E

My empty gratitude, another empty thank you

F# G# F#

I finally learnt regret from words I ve always said

E

Never meant to speak to hurt, yet it hurt to put in words

F#

G#m F#

Goodbye wherever you are, goodbye unbroken heart

[Pré-Refrão]

C#m

B

In truth I want to feel, the truth I want to see

F#

I m trying to embrace your drifting heart and smile

[Refrão]

E

F#

Whenever I begin to feel the burning tears overflowing from my eyes

D#m G#m

I keep on looking forward at you, hoping that your light will never pass me by

E F#

I wonder what the stars that sparkle in your eyes are hiding from my mind

G#m F#

Hiding from my open heart and from your open heart

E F#

Together, you and I will always be alive, connected, close to you I ll stay

D#m G#m F#

As long as I can hold your hand again and again, forever, I will find my way

E **F#**
You may never answer back my call, but you smile back at me with grace

G#m **F#**
And everything remains the same, this pain I ll soon awake from

E **F#**
What I see will melt all away

B
With my tears

[Terceira Parte]

E
A shape of broken line will never be the same
F# **G#m** **F#**
It ll never find new life as a body of remains

E
A soul without a form, endlessly it ll chase
F# **B** **Bm** **B**
But will my broken heart find another place?

[Pré-Refrão]

C#m **D#m**
In truth I want to feel, the truth I ll never see

E **F#**
I m trying to erase how far we ve walked in miles

[Refrão]

E **F#**
Whenever I begin to feel the burning tears as I look up at the sky
D#m **G#m**
I keep on looking forward at it hoping that I ll find you soon enough in time

E **F#**
I wonder if the stars that sparkle in my eyes will eventually subside

G#m
Hiding from my endless heartbeat, from my endless heartbeat

E **F#**
Together, you and I will always be alive, committed, close to you I ll stay

D#m **G#m**
As long as I can hold your hand again and again, then maybe I will find a way

E **F#**
I can never travel back in time, but they smile back at me, those days

G#m **F#**
And everything remains the same, this pain I ll soon awake from

E **F#**
What I see will melt all away

B
With my tears
