

**Take A Moment  
United Pursuit**

G and C the whole song

**G**

Take a moment to remember

**C**

Who God is and who I am

**G**

**C**

There You go lifting my load again

**G**

No longer am I held by

**C**

The yoke of this world

**G**

Come up under the yoke of Jesus

**C**

His yoke is easy and His burden is so light

**G**

Youâ€™re lifting my load

**C**

Youâ€™re lifting my load

**G**

No longer am I held by

**C**

The yoke of this world

**G**

Come up under the yoke of Jesus

**C**

His yoke is easy and His burden is so light

**G**

Your love carries

**C**

Your love carries me through

**G**

**C**

All the valleys and the darkest places
