A#m **F#**
Our struggle will be over now, this time

A#m **F#**
The times have changed us, our silence is deafening

A#m-G#-F#
Nothing can make this better

A#m-G#-F#
Our answers seldom come

A#m **G#**
There is death in words you say

A#m-G#-F#
So--und the alarm

A#m-G#-F#
What we have built is gone

A#m-G#-F#
Our battle s just began

A#m-G#-F# **G#** **A#m** (then, as interlude, play **A#m-G#-F#**)
Mayday, mayday

A#m
Bring those tears come out

F#
From your eyes

G#
Just leave it up to me

A#m **F#**
Hearts of stone to breathe out the cold

G#
It cuts the warmth

A#m **G#** **F#**
It could have been easier now

A#m **G#** **F#**
Our little worth s revealed

A#m-G#-F#
Nothing can make this better

A#m-G#-F#
Our answers seldom come

A#m **G#**
There is death in words you say

F# **G#**
I m so sick of you and love

A#m-G#-F#
So--und the alarm

A#m-G#-F#
What we have built is gone

A#m-G#-F#
Our battle s just began

A#m-G#-F# **G#** (continue last chords til end)
