

Positive Bleeding
Urge Overkill

Tab by Wyatt Davis

This wasn't at Nevada last time I checked, and someone's been asking for Urge songs.

There are at least two guitars for this song, so what I've tried to do for the verse is combine them so one person can sound like the recording.

Intro:

```

-----2-2-4-----
--5-5-2--5-5-5-5-2----- --5-5-2-2-4-----
--5-5-2--5-5-5-5-2----- --5-5-0-0-2-----
--3-3-0--3-3-3-3-0----- --3-3-----
                    (repeat 1x, then)

```

```

Hey          look around today
  B          G          B
----2-----3-----3-----2-2----
-4-----0--0-----4-----0--
-4-----0--0-----4-----
-4-----0-----4-----
-2-----2-----2-----
-----3-----

```

```

          Everything don't need to be the same
  G          A          E
-----
-3-5-3-2-0-----
-----2-----
-----2-----2-----
-----0-----2-----
-----0-----

```

That's pretty much the way all of the verses go.

Pre-chorus:

A A B B E (power chords)

Chorus:

	I live	my life	with no ...
B	A	E5	B A/B

Corrections, comments welcome.

Heaven 90210 is in the works. Great song, nauseating title.
