

Misty Eyes
Uriah Heep

Dm **G**
I was missing my little Miss Misty Eyes

Dm **G**
She made my life complete

Dm **G**
I d been waiting on true love s sweet surprise

Dm **Bb**
And it tasted so sweet

Dm **Bb**
Oh it tasted so sweet!

I could hear the sound of a love bell
It told me all it could tell
And the sign of the blue moon rising
Dm C Bb
Told me all was well
Dm C Bb
Told me all was well

Something unknown kept my life turnin' around
But I couldn't get near to putting my feet on the ground
With all that I had, any man would be glad
But my everything was nothing, so what made me sad

I was missing my little Miss Misty Eyes
She made my life complete
I was waiting on true love s sweet surprise
And it tasted so sweet
Oh it tasted so sweet!

Fare well to that same lonely road
I ve seen the last of that heavy load
No more blues about paying dues
It s time for reaping all the seeds I sowed
