**G#m**

Just a man in my prime

**E**

Love was there

**Eb**

But I had no time

**G#**

I was cheered and adored

**E**

And I thought fame

**Eb**

Was all the world

Battles won and victory cheers

Were the sounds

I d heard for years

But the women I really loved

Was losing me

To all this blood

I only knew I had to win

And build a world

Where I was king

But leaders come and leaders go

And that s the truth

I came to know

Love or war I couldn t choose

And so both

I had to lose
