

Why Did You Go
Uriah Heep

G **C**
I woke up today with my head in daze
F C G
cause my love had gone

With nothing to do just to dream about you
And how we went wrong

Em C
But oh why did you go?
Am D D aug
I loved you so didn't you know?

C D C D

I walk into town with my head hanging down
Tryin' to hide my pain
The people I meet. as I float down the street
Tell me try again

But oh why did you go
I loved you so didn't you know

C D

Am
When I remember how good it was
Em
It makes me cry
Am
Cause my life's been

Em
Turned upside down
E Am
All I want is someone but
How do you say

Dm
please will you stay
E
Please will you stay?

G C F-C-G

I'll settle down to the life of a clown
To remain alive
I'll work till I bleed, and if I can succeed
Maybe I'll survive

But oh why did you go
I loved you so Didn't you know
