USCB Allstars

Intro/Brygga: **A# Cm Dm D#**

Vers & Ref: **A# D# E#**

What would happen if I took up space,
you wouldn't like that,
you wouldn't like that, would you?
I'm better off with a smile on my face,
it's not easy, it's not easy livin' .
I try my best to keep my head above the surface,
share my pain with the world it's not worth it.
You wanna take this load off my back,
it is heavy, it is heavy.

I'm telling you all man ã; evil,
I'm telling we all got demons inside,
keep on yelling at you,
all man are evil, I'm telling you,
there's too much to confide,
don't wanna burden you with that.

Do what I can to drag my demons along,
they are screamin' , they are screamin' , yearnin'
I've been close to the flame for too long,
I can feel it, I can feel it burning.
Somehow it made me cold instead of hot,
I can't share something I haven't got
Tons of shit's bent my knees to the ground,
can't you see it, can't you see it?

I'm telling you all man ã; evil,
I'm telling you we all got demons inside,
keep on yelling at you,
all man are evil, I'm telling you,
there's too much to confide,
don't wanna burden you with that.

all man ã; evil, I'm telling you
we all got demons inside,
keep on yelling at you,
all man are evil, I'm telling you,
there's too much to confide,
don't wanna burden you with that.

Don't wanna burden you with that
Don't wanna burden you with that
Don't wanna burden you with that
Don't wanna burden you with that
