Blood Pressure
Useless ID

```
        Bm
It s the fear of the dark
             G
When you re all alone
     Bm                G
And someone s watching over you
          Bm
When your faith coming down
       G
In an acid rainstorm
    D        A      Bm
The answer lies in front of you
       Bm
Now I can t fall asleep
       G
And we better talk
           Bm
 Cause I m beating up myself
         G
With the end is off
      Bm
Is it really worth my time
      G
When my heart is beating
 D       A      Bm
Faster than a bullet train
 G         A              Bm
I never thought it would be easy
 G         A              Bm
I never thought we would survive
 G         A              Bm
I never thought it would deceive me
 G         A              Bm    G
And be the pressure in my
 Bm                        G
Could it be a monster that I ve created
 Bm                        G
Holding back the urge when it s instigated
 Bm                        G
I never planned it out to be so complicated
 D       A         Bm
I refuse to let it in
      Bm      C#m    D      G
You re staring at the wall to amuse yourself
        Bm      C#m    D      G
Then you re staring at the wall to delude yourself
 Bm                                          G
```

```
We ve been sharpening the blade that will end up tragic
 D       A       Bm              A
Here s to you, a lullaby, can you hear it?
 G          A               Bm
I never thought it would be easy
 G          A               Bm
I never thought we would survive
 G          A               Bm
I never thought it would deceive me
 G          A                Bm
And be the pressure in my

(sorry but i couldnt figure out the bridge)

I can see, we re something else
I can see, we don t fit in
I can see, we re something else
                                Bm
I can see, how we ve been wasting precious time
 BM                              D
You take take take more than you give

 G          A               Bm
I never thought it would be easy
 G          A               Bm
I never thought we would survive
 G          A               Bm
I never thought it would deceive me
 G          A               Bm
And be the pressure in my blood
 G          A               Bm
Be the pressure in my blood
 G          A               Bm
Be the pressure in my blood
 G          A               Bm
Be the pressure in my blood
