Lyrics

I can't let nothing come in between the two of us
Cause its like your all I need since we been together and
Whenever I'm in need of a little love
Its okay for me to open up but I just can't give me heart to anyone
Cause
Some only call it a life for a season and stay a while to give you a reason to
put in
every thing and to think that its forever
But you've given me someone that I can believe in I know there will be times
we can't
to an agreement but I know that we'll figure out the ups and down
Tell me are you willing to take a chance? Baby if so
Here we go, let me put you in my hand, I wanna be your man
Lets do it right, so that you'll be with me a lifetime
You know and I know|don't think that I'm talking crazy, your mama and
my mama want some
babies

I used to think that it was hopeless and that I should just give it up but I
couldn't
until I found myself a good girl to be in love with
I checked every state and city and looked all around the world and I'm proud
to say that
search ends here cause your one in a million to me and I can't let you go
