Tabbed by: Ace496970

Tuning: Standard

The main part has an echo effect, if you can't produce one, try picking lighter and lighter each time.

Verse:

Main:

```
e |-----|
B | 14(14-14-14-14)15(15-15-15-15)--17(17-17-17-17)-----|
G |-----|
D |-----|
A |-----|
E |-----|
```

This part is right after the main part, but with no echo effect.

```
e |-----|
B |-----|
G | 1--4--1--5--7---9-8-9-----|
D |-----|
A |-----|
E |-----|
```

There is a Bridge near the end, just slap the strings like you would a bass guitar.

If you have a more correct version of the second part PLEASE e-mail it to me.
