Artist: USS

Song: Laces Out

Album: Questamation

Tuning: 1/2 Step Down (**E_b A_b D_b G_b B_b E_b**)

Direct your eyes to the obvious proof
And puppy dog lies won't sweeten the truth
I whisper and scream but I can't refute
It's absolute
It's absolute

I bite my lip as you sharpen your tongue
I love you evermore even after you're stoned
We're pushing through the dirt now we're ready to route
We're absolute
We're absolute

Bridge:

I'm breaking through
I'm breaking through, through, through to you
I'm breaking through.
I'm breaking through, through, through to you, I'm breaking

And nothingness is bliss when you're shooting to miss
I wish those days like I wish the plague
I'm pushing at the wind now I'm pulling the chute
It's absolute
