I figured out the grade of this collapse  
The compass doesn't lie when it's holdin' me  
I'd love a little faith with this afternoon  
Give the sun a bong when it's comin' down

Walkin' through the shame of this relapse  
The mirror doesn't lie when it's scolding me  
I'd love a little faith with this afternoon  
And come quickly...

chords **A, C, G, D**

Oh, I know  
I'm holding on  
I'm holding on to a ghost

I'm tangled up in your ropes  
I know  
I'm skippin' work  
I'm skippin' work like a stone  
I know  
It's ok I'm not a-ok right now
