

Now As Well

USS (Ubiquitous Synergy Seeker)

A few notes before beginning, the chords are fairly repetitive so don't throw yourself off because they match up oddly with the lyrics. You mostly will just keep the same progression (especially towards the end).

Dm7 will also sometimes be played as a Dm based on preference.
F7 sometimes as F based on preference.

F7

Stop panickin, turn into a mannequin

A C7

Take a breath now and begin again

F7

Open your eyes please, turn your smile on

A C7

Realign with now as well

F7

You start choosin it suddenly you're losin it

A C7

Give it a kiss now ~stead of bruising it

F7

But I don't need fear, peace is whole here

A C7

Let the past go boys and girls

A# C7

Sometimes I like to help out the bees

F7 A

I dance through the forest of possibilities

A# C7

I cradle the sunshine, embrace what we share, and it goes

F7 Dm7 A C7

On as we, lie in our heads

F7 Dm7 A# C7

Singin, poor little me! It's hilarious

F7 Dm7 A# C7 F7

How seriously we take ourselves

Stop freakin out, wishing you were peakin out

Hold it together now, ~stead of leakin out

Turn your smile, turn your smile on

Realign with now as well

You start stressin out time to learn a lesson doubt's

Not in your genes so please stop your guessin bout

What your thoughts hide; trust your belly-guide
Let your noun map draw itself

Sometimes I like to help out the bees
I dance through the forest of possibilities
I cradle the sunshine, embrace what we share
And it goes on as we, lie in our heads
Singin, poor little me!
Itâ€™s hilarious how seriously
We take ourselves

***Play through once to lead in... F7 Dm7 A and holding the C7 go to..
