

Mikageishi
UVERworld

I tried to keep this transcription as simple/chill as possible, so I wrote it using the most basic chords (i.e. minimized the clip chords and funny chords like Cadd9, etc.)

I hope as many people as possible will be able to play this, and, if some brave soul to redo this, that their version will totally wipe the floor with this.

UVERworld FTW.

Tuning: fCG#EbBbF (half-step up; Capo 1).
All chords relative to capo.

(arpeggio / single strum per chord part)
