

Hurt Me

V-Mob

[Em G D C]

all the pieces of the puzzle seem to fall into place
but the only thought that i can think is pissin in that fucking face
the taste that you left in my mouth was rotten and you
think that all the shit you did to me could be forgotten
well fuck no! you both got me last time
next time i see your punk ass its mine
from behind dawg gonna crack that skull then gonna
laugh when you fall cause you fucked me raw

comin home in the night when you re sneaking at the door with the
bottle half empty and your tank is on full.
you hurt me! i will never forget how you
hurt me! all the pain youve caused left my
mind blank and my soul is lost an now the
thoughts are in my head and drifting side to side you
know im gonna get ya cause there s nowhere to hide
headlines I ll read of the night she died

chorus:

[Em G D C]

trust me! i will get your ass back if it
kills me! for the rest of your life you can
feel me! gonna make you remember that you
hurt me, fucking hurt me!

[Em G D C] 4x

my head was fucked up! (hurt me) when i was
locked up! (hurt me) made a
phone call!(hurt me) bitch put a
block up! (hurt me!) on the
phone letters to your home but you
never wrote me back what the fuck s up with that
one of these days gonna get you bitch. find your

body in the valley in an alley in the ditch
with a 45 chrome to the back of your dome havin
everybody wondering what the fuck is goin on where the
fuck did you go you ll never be back again but i
still keep thinking bout you now and then

chorus:

trust me! i will get your ass back if it
kills me! for the rest of your life you can
feel me! gonna make you remember that you

hurt me, fucking hurt me!
