An awesome song by an awesome band!  
And really easy to play!  
Sounds better with barre chords, but i suppose you can play it open  
No one has tabbed this yet, and it s awesome, so thought i would

To keep me near, but never close enough for coming home

[VERSE 2] (same chords as verse 1)

I need to find a way to deal with being a fool  
I m getting by oh so high I know I will crash eventually  
It s all the blur and tears I see, through  
They let me smile but when they don t dry out I can see you clear

[BRIDGE]

So don t buy me flowers, if you re gonna bring me roses  
Scar tissue s settling, right where the other thorn is  
Don t come around here, if you re gonna leave me hopeless  
Scar tissue s settling, right where the other thorn is

Woah, now I am drained  
And I don t wanna run no more  
I think I ve done enough and I know  
You said you d wait on the other side, yeah  
But I can t keep with the pace  
That you set when we began, I  
I don t wanna run no more
