Verse 2:

Do you remember the stories we were told when we were kids  
About snowfall and reindeer and that jolly old saint nick?  
Do you miss feeling youthful or are you searching for clarity  
About why we grew up and forgot just how to believe?

Bridge

( **C Dm Bb** ) x2

Just get my friends and family  
And celebrate the warmth that Christmas brings  
A pennsylvania holiday  
Is all we need

Chorus

( **F C Dm Bb** ) x4

Well here s to the days when we had faith and such simple dreams  
Of waking up at dawn to a snow-filled lawn and the scent of christmas trees  
Though time has passed this feeling lasts, or so it seems  
We ve gotten older now but we ve finally found just what christmas means

Chorus
