EYES OF THE NIGHT
Pasadena, Ca 1976
INTRO tabbed by *

Ok, i hope someone will complete this, the most important thing that stood out to me in this tune was the intro, so that's what I'm tabbing. I have NO clue as to why they never got this onto an * awesome. they should put it on the NEXT album, w/sammy singing (*hint- hint) :)

standard tuning, throw in a MXR - phase 90.
