My name is Loren Noblitt and I bought the new V3 album recently and thought I'd tab this song out because it sounded really cool...so I did and here I am to share it with all of you. I've never done this before so cross your fingers...

Lyrics:

if i cannot see you from afar  
look into your eyes, that hint of depth  
    hidden inside

if i cannot hear you from afar  
whisper in my ear, rest assured that  
    you are near

and I now not what it s like  
    the aforementioned  
for the distance between us  
as are the stars, i only have you  
    in my imagination  
    in my imagination  
    just to love you  
    from afar

if i cannot kiss you from afar  
press against your lips, taste  
the sweetness of your breath

if i cannot touch you from afar  
hold you in my arms, keep you warm  
    and safe from harm

though our circumstances  
    cause seperation  
    in the absence  
there s a presence in my heart  
i will surrender, i ll surrender to my

quiet contemplation  
my quiet contemplation  
i ll just, i ll just love you  
from afar

there must be a better way  
a better way of passing the time  
cause I can t seem to get her out,  
get her out of my mind...
