In The Forest Van Morrison In the Forest: (intro) Em G (repeat) **D** (Whole song) Em D C Am7 G By the sacred grove, where the waters flow We will come and go, in the forest In the summer rain, we will meet again We will learn the code of the ancient ones In the forest By the waterfall, I will hold you in my arms We will meet again by the leafy glade In the shade of the forest With your long robes on, we will surely roam By the ancient roads, I will take you home To the forest In the forest, in the forest In the forest, in the forest With your long robes on, we will surely roam By the ancient roads, I will take you home again To the forest Satisfy the soul baby Birds sing all day long of the mother lode We can let it roll, in the forest With your long robes on I know where you re coming from By the big oak tree you ve gotta come and go with me

In the forest, in the forest In the forest, in the forest

By the waterfall I will hold you in my arms, and we will meet again By the leafy shade, in the, in the forest

Satisfy the soul Birds sing all day long of the mother lode We can surely let it roll, in the forest

With your long robes on I know where you re coming from We will surely roam, down by the ancient roads
