G C
I was born on a Saturday
Am C
My dad he held me screaming in his arms
G C
He can talk like it was yesterday
Am C
When I got that holy water in my eye
G Am
It s alright, is it just alright

C
See all those faces coming down
Trying not to let them down
G Am
This time, babe is that alright
C
Well I can still see the sun on the water
I can still feel your sunlight

Am C
And all I ever wanted was time
Am C
You know that all I ever wanted was time

G C
And I know that I come on strong
Am C
Forgive me I just couldn t help myself
G C
And I have changed but I m better now
Am C
And I see you in this new and perfect light
G Am
You re so fine, you re oh so fine

C
See all those faces coming down

Trying not to let them down

G Am

This time, babe is that alright

C

Well I can still see the sun on the water

I can still feel your sunlight

Am C

And all I ever wanted was time

Am C

You know that all I ever wanted was time

Da da da da?

Am C

You know that all I ever wanted was time

Am C

You know that all I ever wanted was time

Am C

You know that we I ever really needed was time
