

**Emmylou
Vance Joy**

Standard Tuning, No Capo

My first Tab ever here guys, and I m kinda wine d up, so feel free to correct as you will.

Vance plays **F, F, Am, G** throughout the entire song. Obviously there s picking involved but I m too pissed to make a decent attempt at tabbing it out. It s a basic strum pattern, with a hammer on the 4th (G) string 2nd fret, but you ll need someone a bit more focused than me to help tab it out properly. It s a beautiful song from an amazing artist, so hopefully someone puts in the effort.

Hopefully at least the lyrics are close.

Keep them coming Vance, you re an inspiration.

Verse 1-

Oh, if you re losing sleep,
h if you re losing sleep, scared of shadows
I see it s just a chair,
See you re clothes hang there
Don t go losing sleep scared of shadows.

Oh don t feel bad
I never have
Since I got you
My Emmylou

Verse 2-

You wear your socks to bed
You wear your socks to bed, that s what I do
Oh come on sleepyhead, get yourself to bed,
Don t go losing all the night time
