

Saturday Sun

Vance Joy

C Em G

Oh, Saturday sun

D

I met someone

C Em

Out on the west coast

G D

I gotta get back, I can't let this go

C Em G

Oh, Saturday sun

D

I met someone

C Em

Don't care what it costs

C Em G D

No ray of sunlight's ever lost

C Em

So tired of sleeping alone

G D

So tired of eating alone

C

I need to ask her

Em G D

What's going on, are we going strong?

C Em

She fell, I rested her head

G D

My shoulder was the perfect height

C

We fit so right

Em G D

So what's going on? Cause I've been undone

C Em

The long drive, the coastline

G D

Looking out at first light

C Em

Am I still on her mind?

G

I've been undone

C Em G

G D

She put the breeze in my hair

C

No kiss was softer

Em G D

Softer than this, I'm reading her lips

C Em

Oh, each night, I read

G D

She left her books in my bed

C Em

And her song, in my head

G

I've been undone
