

## Winds Of Change

Vance Joy

**G** **C**  
I miss you more than you could know  
**G** **C**  
I watch the grass on the back lawn grow  
**Em** **C**  
And I will not allow winds of change to blow  
**D** **G** **D** **C**  
And I hope you decide to come back home

(Refrão)

**D** **G** **D** **C**  
Cause this heavy heart, oh, how it s yearned  
**C**  
Cause I ve been alone far too long  
**G**  
When are you coming home, my love?

My love

**G** **C**  
You reach out for me in the night  
**G** **C**  
And an errant finger pokes me in the eye  
**Em** **C**  
And I leave your contact lenses on the bedside table  
**D** **G** **D** **C**  
And I m hoping you decide to come back home

(Refrão)

**D** **G** **D** **C**  
Cause this heavy heart, oh, how it s yearned  
**C**  
Cause I ve been alone far too long  
**G**  
When are you coming home, my love? My love

**(G)** **C** **G**  
Oh, you went running with my heart  
**D**  
And it s a long, long, long way back  
**C** **G**  
And this right here, well it just ain t living  
**D** **G** **D** **C**  
Oh, I want you to come back

(C)

Well I ve been alone far too long

G

When are you coming home, my love?

C

Well I ve been alone far too long

G

When are you coming home, my love? My love
