

Drive

Vanessa Hudgens

(intro) **G Cm**

G Cm

I don t claim to know it all
I ve had some wins, I ve had some falls
The road is long and time is short
I don t wanna spend too much time in thought

G Cm

I don t intend to play it safe
I gotta move to find my place
I wasn t born for small talk crowds
I know what i want and it s not in this town

Bm C

I don t wanna just survive
I m gonna hit the road

(chorus)

G D
I m gonna drive, I ll hit the highway
C D G
And I m not coming home, I m gonna drive
D
I ll do it my way
C D Em
I ll call you on the phone when I arrive
D
It s all I ve got
C D Em
And I m not gonna stop for no one in my way
D C
As long as I m alive
G Cm G Cm
I m gonna drive

G Cm

Everything I said I meant
Nothing comes by accident
I change my name, I change my face
To want something better is no disgrace

Bm C

I m just following the signs
Keep my eyes ahead
I m gonna drive
