

**When There Was Me And You**  
**Vanessa Hudgens**

Capo 2

**C** **F**  
It's funny when you find yourself  
**G** **C**  
Looking from the outside  
**C** **F** **G** **C**  
I'm standing here but all I want is to be over there  
**F** **C**  
Why did I let myself believe  
**G** **C**  
Miracles could happen  
**C** **F**  
Cause now I have to pretend  
**G** **C**  
That I don't really care

**F** **G**  
I thought you were my fairytale  
**C** **Am**  
A dream when I'm not sleeping  
**F** **G** **Am** **G**  
A wish upon a star that's coming true  
**F** **G** **C** **Am**  
But everybody else can tell that I confused my feelings with the truth  
**F** **G**  
When there was me and you

**D** **G**  
I swore I knew the melody  
**A** **D**  
That I heard you singing  
**D** **G**  
And when you smiled you made me feel  
**A** **D**  
Like I could sing along  
**G** **D**  
But then you went and changed the words  
**A** **D**  
Now my heart is empty  
**D** **G** **A** **D**  
I'm only left with used to be's and once upon a song

**G** **A** **D** **Bm**  
Now I know youâ€™re not a fairytale, and dreams were meant for sleepin  
**G** **A** **Bm** **A**  
And wishes upon a star just donâ€™t come true  
**G** **A** **D** **Bm** **G**  
Cause now even I can tell that I confused my feelings with the truth  
**A**  
Cause I like the view when there was me and you

**F** **C**  
I canâ€™t believe that I could be so right  
**Em** **F** **C**  
Itâ€™s like you were floating when I was falling and I didnâ€™t mind  
**A** **Bm**  
Cause I like the view  
**G**  
Oooh..

**A**  
I thought you felt it too  
**D**
