Get on the turkish line  
You ve never written a diamond under my door  
I m through this door

Sometimes it closes my eyes  
Sometimes it comes on time  
Some lies were hidden

The sun shines in the son s heart  
**A9 F#7/E A9 F#7/E**  
Then flows the hat, then grows the red carpet

I wasn t ready to be loved  
by you

Almost a year ago, dreamin alive  
Pushing those pills around  
I was dead, I was dead

Climbing that road  
**A9 F#7/E**  
My grave is there  
My eyes are swamp again

Wasn t ready to be loved  
by you.
