Get on the turkish line
You ve never written a diamond under my door
I m through this door

Sometimes it closes my eyes
Sometimes it comes on time
Some lies were hidden

The sun shines in the son s heart
A9 F#7/E A9 F#7/E
Then flows the hat, then grows the red carpet

I wasn t ready to be loved
by you

Almost a year ago, dreamin alive
Pushing those pills around
I was dead, I was dead

Climbing that road
A9 F#7/E
My grave is there
My eyes are swamp again

Wasn t ready to be loved
by you.
