

**Bring On The Rain**  
**Vanishing Point**

hey evil janx here, this is my first song so go easy on me, im not sure if its correct  
it sound damn close, ive been looking for these guys music everywhere but cant find it  
so i desided to give it a go, vanishing point are legends !

VANISHING POINT  
Bring on the rain

verse

**Em**  
feel the lines, across my face  
**G** **D**  
i felt the many years erased  
**Em**  
feel the pulse on life i ve known  
**G** **D**  
it s sojourn tears i taste  
  
**Em**  
view into your world and see  
**G** **D**  
seek an unborn day  
  
**Em**  
with your heart and mind and soul  
**G** **D** **C**  
your will, will find our way

pre chorus

**C** **Em**  
past left of centre, what i am  
**C**  
could you understand  
**D**  
if your the outsider viewing in

chorus

**Em** **C**  
you ll never know  
**G** **D** **Em**  
the shades of life, unless you open your mind  
**C**  
you fear change  
**G** **D** **C**  
so bring on the rain

verse

**Em**  
is the silence, my only cure

**G** **D**  
as thoughts start to grey  
**Em**  
your touch that covered me  
**G** **D** **Em**  
now remains in yesterday

**Em**  
the sea between you and i  
**G** **D**  
moves in perfect forms serene  
**Em**  
the distance from me to you  
**G** **D** **C**  
a million miles unseen

well thats it theres a wicked little solo in there somewhere but im not that  
good yet,  
gonna work on some other vanishing point now, if anyone knows more vanishing  
point tabs  
submit them thanks. silvio is a god !
