**C#m F#m C#m F#**

[Verse 1]

**C#m**

I promise you this

**F#m**

**A**

I was a poor excuse for a man at best that fed off of emptiness  
More like a sinkhole that doesn't let go

**B**

**C#m**

I drag everything and everyone I know below

**F#m**

I'm not a praying man

**A**

But I'm begging the sky

**B**

I keep my hands folded tight  
So please save my life

[Chorus]

**C#m A**

You saw me searching

**C#m**

I was lost in a world

**A**

**E**

All alone and out of time

**C#m A**

You gave me purpose

**C#m**

You gave me the world

**A**

**E**

When you put your hand in mine

[Harmonics]

[Verse 2]

**C#m F#m**

And like a holy ghost you show your face

**A**

And my heart, my soul found a place

I call you church cause when you're near

**B**

All my demons flee, there all no devils here

**C#m**

It's the way that you look at me

**F#m**

**A**

Like you see everything that I'm that supposed to be

**B**

And when my eyes look back at you  
I see the future I never knew

[Chorus]
