

When Summer Ends
VanVelzen

Roel van Velzen - When summer ends

F **Fmaj7**
Ever since I met you
 F7 **Bb**
I ve been waiting for the snow to fall
Gm **Gm7**
Waiting for the moon to call
Csus4 **C**
The sun out of my eyes and I
F **Fmaj7**
Can t help but wonder
 F7 **Bb**
Why you would spend your days with me
Gm **Gm7**
Why you would have your ways with me
 Csus4 **C**
Why you re with me at all
 Bb
And I wish it was forever
 Dm
But nothing lasts forever
 Bb **Csus4** **C**
At all... No
F **F7** **Dsus4** **D**
I know our time is now
 Gm **Gm7** **Csus4** **C**
Still I tell myself somehow
 F **F7** **D** **Gm**
This thing won t end as it began
 Bb **Csus4** **C**
You re still here when summer ends...
F **Fmaj7**
Another day is dawning
F7 **Bb**
And I can t believe the light I see
 Gm **Gm7**
You re standing right in front of me
 Csus4 **C**
A wonder to my eyes and I
F **Fmaj7**
Don t dare to look away
F7 **Bb**
Afraid that you might disappear
Gm **Gm7**
That you were never really here
