

## Train Song

Vashti Bunyan

[Intro]

**Em**

[Verse 1]

**Em** **C** **B**  
Travelling north, travelling north to find you

**Em** **C** **B**  
Train wheels beating, the wind in my eyes

**Em** **C** **B**  
Don't even know what I'll say when I find you

**Em** **Em/D** **C** **Em**  
Call out your name love, don't be surprised

**Am** **Em**  
It's so many miles and so long since I've met you

**Am** **Em**  
Don't even know what I'll find when I get to you

**C** **D**  
But suddenly now I know where I belong

[Chorus]

**G** **D** **C** **Am** **Em**  
It's many hundred miles and it won't be long

**Am** **Em**  
It won't be long

**Am** **Em**  
It won't be long

**Am** **B** **Em**  
It won't be long

[Verse 2]

**Em** **C** **B**  
Nothing at all in my head to say to you

**Em** **C** **B**  
Only the beat of the train I'm on

**Em** **C** **B**  
Nothing I've learnt all my life on the way to you

**Em** **Em/D** **C** **Am** **Em**  
Only our love that's over and gone

**Am** **Em**  
It's so many miles and so long since I've met you

**Am** **Em**  
Don't even know what I'll find when I get to you

**C** **D**  
But suddenly now I know where I belong

[Chorus]

**G** **D** **C** **Am** **Em**

It s many hundred miles and it won t be long

**Am Em**

It won t be long

**Am Em**

It won t be long

**Am Em**

It won t be long

I think this is pretty close. Feel free to email me with any comments or suggestions.
