Winter is Blue " Vashti Bunyan 1966

Verse 1

A **Em7** **D** **A**
Winter is blue, Living is gone
D **A**
Some are just sleeping, In spring they'll go on
A **Em7** **D** **A**
Our love is dead, Nothing but crying
D **A**
Love will not find even, One more new morning

Chorus

C **D** **G** **C**
Why must I stay here, Rain comes I'm sitting here
D **A**
Watching love moving, Away into yesterday

Verse 2

A **Em7** **D** **A**
Winter is blue, Everything's leaving
D **A**
Fires are now burning, And life has no reason
A **Em7** **D** **A**
I am alone, Waiting for nothing
D **A**
If my heart freezes, I won't feel the breaking

Chorus

C **D** **G** **C**
Why must I stay here, Rain comes I'm sitting here
D **A**
Watching love moving, Away into yesterday
