Intro: **E G D Am** (drop the index finger) x3

(Same chords for verse 2)

E **G**
Rise above the ground, where you lay
D **Am**

E **G**
You ve just about, forgotten how
D **Am**
to live your life,
E **G**
Well, you can t find where you belong, no,
D **Am**
you can t find where you fit in.
E **G**
Don t you think it s time you gave your
D **Am**
life a chance again...

(Chorus

E **G**
You re ready to rise,
D **Am**
You re ready to rise,
E **G**
You re ready to rise,
D **Am**
You re ready to rise. x2

(Same chords as verse one)

Tear down all the walls, that surround you.
The walls that are outta your mind.
Turn reality into from what you see,
and what s really going on.
Break away, yeah leave today,
throw all the old past things away.
Don t you think it s time you thought
about somebody besides yourself.

Well its kind of just the same chords over and over and over again, so I m just gonna leave it there. Its a fun song to sing with though.
