END OF THE WORLD
VENICE

Losing faith, and it makes me sad, and when I think of losing more well it makes me mad.

C#m **F#m**
Losing beauty, well it brings me down,
F#m **G#m** **C#m**
And with everything weâ€™ve gained weâ€™re losing ground.

C#m **F#m**
Every time I turn another corner seems that someone else is doing wrong,
F#m **G#m** **C#m**
And every time I jump into the water seems thereâ€™s something there that donâ€™t belong.

Refr.: When it feels like the end of the world my dear, I need, I need you here.

C#m **F#m** **F#m** **G#m** **C#m**
When it feels like the end of the world my love, will you help me rise, rise above.

C#m **F#m** **F#m** **G#m**

No more father, no more son, no more running from the man that Iâ€™ve become.
C#m **F#m** **F#m** **G#m** **C#m**
Too much freedom, but nothingâ€™s free, so I try to make some sense of whatâ€™s to be.

C#m **F#m**
Because every day I wake up and I wonder how a blessing could become a curse, yeah,
F#m **G#m** **C#m**
And every night I pray itâ€™s getting better but I find itâ€™s only getting worse.

Well every time I turn another corner seems that someone else is doing wrong,

F#m **G#m** **C#m**
And every time I jump into the water seems thereâ€™s something there that
donâ€™t belong.

End of the world my dear,
F#m **G#m** **C#m**
Every time I jump into the water seems thereâ€™s something there that donâ€™t
belong.
