Cm **Am** **Gm**
You ll never know,

Cm
I didn t want it to go

Am **Gm**
The way it went...
South

Cm **Am**
Not a word

Gm
From my mouth
But from the moment

Cm
I shook your hand
Am **Gm**
I was determined

Bb
And when I m near you, I don t speak, I barely look
C
I m afraid you ll see it in my face

Am **Em**
Each time it honey drips right off of my lips
Dm
I never stick, so how d you get me stuck in this?

Am **Em**
Each time it honey drips right off my lips
Dm
And now I wish you never got me stuck in this

Dm F **C**
But it won t show, and you ll never know
Dm F C
I ll lay low and you ll never know... **Cm**

Cm **Am** **Gm**
You ll never know
But my left brain
Cm **Am**
Took the wrong things...
Gm
East
Cm **Am** **Gm**
You got me all crazy
Come off lazy
 Cm **Am**
But I m more alive
 Gm
On the inside

Bb
When I m near you I can t speak, I never look
C
I m afraid you ll see it in my face...

Em
I was smiling like a Lion,
F
Buried myself inside your neck
 Em
... oh West...
Clawed my hands around your chest
F
North
With some regret...
G
I ve never felt like this

Am **G** **Dm**
