Verse 1:

Main riff

For so long my life s been sewn up tight

Main riff

Inside your hold

And it leaves me there without a place

To call my own

**Bm**                      **A**                      **E**  
I know now what shadows can see

**Bm**    **A**                      **E**  
There s no point in running less you run with me

**Bm**    **A**                      **E**  
It s half the distance through the open door

**G5**  
Before you cut me down

**A5**  
Again.....Let me introduce you to the end

(main riff 2x)

Electric guitar: E5--G5--E5--G5

Verse 2:----same chords/riffs as verse 1

And I feel the cold wind blowing beneath my wings

It always leads me back to suffering

But I will soar until the wind whips me down  
Leaves me beaten on unholy ground again

So tired now of paying my dues  
I start out strong but then I always lose  
It s half the distance before you leave me behind  
It s such a waste of time

Chorus:

**E5**

Cause my shackles

**G5**

You won t be

**E5**

And my rapture

**G5**

You won t believe

**E5**

**G5**

**E5**

**G5**

And deep inside you will bleed for me

Verse 3:----Same as 1 and 2, only the electric  
guitar plays these power chords...

**E5**

**G5**

**E5**

So here I slave inside of a broken dream

**G5**

Forever holding on to splitting seems

**E5**

**G5**

**E5**

So take your piece and leave me alone to die

**G5**

I don t need you to keep my faith alive

I know now what trouble can be  
And why it follows me so easily  
It s half the distance through the open door  
Before you cut me down  
Again.....Let me introduce you to the end

Chorus

Instrumental:

E5----(for quite a while)

Solo (I didn t tab it)

You won t hear  
The faster

I disappear  
And time will burn your eyes  
(to tears)
