Verse 1:

Main riff

For so long my life s been sewn up tight

Main riff

Inside your hold

And it leaves me there without a place

To call my own

**Am**                      **G**                      **D**  
I know now what shadows can see

**Am**    **G**                      **D**  
There s no point in running less you run with me

**Am**    **G**                      **D**  
It s half the distance through the open door

**F5**  
Before you cut me down

**G5**  
Again.....Let me introduce you to the end

(main riff 2x)

Electric guitar: E5--G5--E5--G5

Verse 2:----same chords/riffs as verse 1

And I feel the cold wind blowing beneath my wings

It always leads me back to suffering

But I will soar until the wind whips me down  
Leaves me beaten on unholy ground again

So tired now of paying my dues  
I start out strong but then I always lose  
It s half the distance before you leave me behind  
It s such a waste of time

Chorus:

**D5**

Cause my shackles

**F5**

You won t be

**D5**

And my rapture

**F5**

You won t believe

**D5**

**F5**

**D5**

**F5**

And deep inside you will bleed for me

Verse 3:----Same as 1 and 2, only the electric  
guitar plays these power chords...

**D5**

**F5**

**D5**

So here I slave inside of a broken dream

**F5**

Forever holding on to splitting seems

**D5**

**F5**

**D5**

So take your piece and leave me alone to die

**F5**

I don t need you to keep my faith alive

I know now what trouble can be  
And why it follows me so easily  
It s half the distance through the open door  
Before you cut me down  
Again.....Let me introduce you to the end

Chorus
