This one s a bit of a slower
tune, but the solo breaks into
a dark, Black Sabbath type of
sound...it s actually more of
an instrumental section than a
solo...there s 8 repetitions of
the same chord progression. Here s
the best I could figure out:

F
Two...how many can there be?

Fmod

Two...if only it was me

Am

Today will be the last day

Dm

And you can go your own way

G6

Without me

F Fmod

I reached toward the sky

Dbm

And I came down

Am Fmod

With an angel on my sleeve

Am **G6**

I thought she d never fly away

C

Until the day she disappeared

D7

Forever

C D7

She left without saying goodbye

E

Nothing but a smile

Am G

Emotions in an uproar

F*

Keep on asking why

Guitar solo/Instrumental:

A/G/F* F*/G/F*/Em (repeat 8x)

A G

Two...I can t count no higher

A G

You...For Heaven was a liar

A G

Today will be the last day

F* Em

And you, you can fly away

Dm Am E F*

Without me

EADGBE

x03201 Fmod

1330xx F*

That s pretty much it. Try it on an acoustic first, it s easier to get the right tone and feel for it that way.

Keep rockin !

***** Some people dream of a life of everlasting peace...where none shall worry about the passing days patches, but only bask in the light. Not me. I dream of a giant chili boat in the sky, full of the things; satellite TV, corn chips, and little moon bunnies as far as the eyes can wander. --J.E. *****
