This one s a bit of a slower  
tune, but the solo breaks into  
a dark, Black Sabbath type of  
sound...it s actually more of  
an instrumental section than a  
solo...there s 8 repetitions of  
the same chord progression. Here s  
the best I could figure out:

**F#**  
Two...how many can there be?

Fmod

Two...if only it was me

**Bbm**

Today will be the last day

**Ebm**

And you can go your own way

**G#6**

Without me

**F#** Fmod

I reached toward the sky

**Dm**

And I came down

**Bbm** Fmod

With an angel on my sleeve

**Bbm** **G#6**

I thought she d never fly away

**C#**

Until the day she disappeared

**Eb7**

Forever

**C# Eb7**

She left without saying goodbye

**F**

Nothing but a smile

**Bbm G#**

Emotions in an uproar

**F#\***

Keep on asking why

Guitar solo/Instrumental:

**Bb/G#/F#\* F#\*/G#/F#\*/Fm** (repeat 8x)

**Bb G#**

Two...I can t count no higher

**Bb G#**

You...For Heaven was a liar

**Bb G#**

Today will be the last day

**F#\* Fm**

And you, you can fly away

**Ebm Bbm F F#\***

Without me

EADGBe

x03201 Fmod

1330xx **F#\***

That s pretty much it. Try it on an acoustic first, it s easier to get the right tone and feel for it that way.

Keep rockin !

\*\*\*\*\* Some people dream of a life of everlasting peace...where none shall worry about the passing days patches, but only bask in the light. Not me. I dream of a giant chili boat in the sky, full of the things; satellite TV, corn chips, and little moon bunnies as far as the eyes can wander. --J.E. \*\*\*\*\*
