This one s a bit of a slower
tune, but the solo breaks into
a dark, Black Sabbath type of
sound...it s actually more of
an instrumental section than a
solo...there s 8 repetitions of
the same chord progression. Here s
the best I could figure out:

E
Two...how many can there be?
Fmod
Two...if only it was me
G#m
Today will be the last day
C#m
And you can go your own way
F#6
Without me

E Fmod
I reached toward the sky
Cm
And I came down
G#m Fmod
With an angel on my sleeve
G#m **F#6**
I thought she d never fly away
B
Until the day she disappeared

C#7

Forever

B C#7

She left without saying goodbye

Eb

Nothing but a smile

G#m F#

Emotions in an uproar

E*

Keep on asking why

Guitar solo/Instrumental:

G#/F#/E* E*/F#/E*/Ebm (repeat 8x)

G# F#

Two...I can't count no higher

G# F#

You...For Heaven was a liar

G# F#

Today will be the last day

E* Ebm

And you, you can fly away

C#m G#m Eb E*

Without me

EADGBe

x03201 Fmod

1330xx **E***

That's pretty much it. Try it on an acoustic first, it's easier to get the right tone and feel for it that way.

Keep rockin !

***** Some people dream of a life of everlasting peace...where none shall worry about the passing days patches, but only bask in the light. Not me. I dream of a giant chili boat in the sky, full of the things; satellite TV, corn chips, and little moon bunnies as far as the eyes can wander. --J.E. *****
