This one s a bit of a slower
tune, but the solo breaks into
a dark, Black Sabbath type of
sound...it s actually more of
an instrumental section than a
solo...there s 8 repetitions of
the same chord progression. Here s
the best I could figure out:

G
Two...how many can there be?
 Fmod
Two...if only it was me
Bm
Today will be the last day
 Em
And you can go your own way
A6
Without me

G **Fmod**
I reached toward the sky
Ebm
And I came down
Bm **Fmod**
With an angel on my sleeve
Bm **A6**
I thought she d never fly away
 D
Until the day she disappeared

E7

Forever

D E7

She left without saying goodbye

F#

Nothing but a smile

Bm A

Emotions in an uproar

G*

Keep on asking why

Guitar solo/Instrumental:

B/A/G* G*/A/G*/F#m (repeat 8x)

B A

Two...I can t count no higher

B A

You...For Heaven was a liar

B A

Today will be the last day

G* F#m

And you, you can fly away

Em Bm F# G*

Without me

EADGBE

x03201 Fmod

1330xx **G***

That s pretty much it. Try it on an acoustic first, it s easier to get the right tone and feel for it that way.

Keep rockin !

***** Some people dream of a life of everlasting peace...where none shall worry about the passing days patches, but only bask in the light. Not me. I dream of a giant chili boat in the sky, full of the things; satellite TV, corn chips, and little moon bunnies as far as the eyes can wander. --J.E. *****
