Wait for you - Vertis

////this song is so beautiful that I just had to try and work it out, they played this song unplugged on a show in Ireland. Please release it lads as it's sure to be a classic. Haven't worked out the solo yet, but I'm working on it. Any suggestions/corrections welcome

C **G** **Am** **F**
I see the bright lights of the city,
C **G** **Am** **F**
Filling up the night sky,
C **G** **Am** **F**
I see the bright lights of London,
C **G** **Am** **F**
As they burn so bright
C **G** **Am** **F**
Every day and every night,
 C **G** **Am** **F**
I wait for you _____
 C **G** **Am** **F**
I'll wait for you _____

///not sure of the lyrics from here on but the guitar continues with the same chords

Can you take me to places on high

Where I can watch the city sky

Every day and every night,

I wait for you

I'll wait for you
